Any person that requires information for the exercise or protection of any rights may request information from a private body. The Act provides that a requester must be given access to any record of a private body if:

- that record is required for the exercise or protection of any rights;
- that person complies with the procedural requirements for a request for access to that record; and
- access to that record is not refused in terms of any ground for refusal contemplated in Chapter 4, Part 3 of the Act.

12. REQUEST PROCEDURE

- The requester must comply with all the procedural requirements contained in the Act relating to the request for access to a record.
- The requester must complete the prescribed form enclosed herewith in “Appendix 1” and submit same as well as payment of a request fee and a deposit, if applicable to the Information Officer at the postal or physical address, fax number or electronic mail address as stated in Part I above.

[Requesters please note that all of the information as listed above should be provided, failing which the process will be delayed while the private body requests such additional information. The prescribed time periods will not commence until all pertinent information has been furnished on Guardrisk].

- The prescribed form must be filled in with enough particularity to at least enable the Information Officer to identify:
 - The record or records requested;
 - The identity of the requester (or person acting on behalf of the requester where applicable);
 - The telephone number, postal address or fax number of the requester; and
 - What form of access is required, if the request is granted.
- The requester must state that he requires the information in order to exercise or protect a right, and clearly state what the nature of the right is so to be exercised or protected. In addition, the requester must clearly specify why the record is necessary to exercise or protect such a right.

- The manner in which the requester wishes to be informed of the decision on the request, if in a manner in addition to written notification.
- The institution will process the request within thirty days, unless the request contains considerations that are of such a nature that an extension of the thirty-day time limit is necessitated.
- Where an extension of the thirty-day time limit is required, the requester shall be notified, together with reasons explaining why such extension is necessitated.
- The requester shall be informed whether access granted or denied. If, in addition, the requester requires the reasons for the decision in any other manner, he must state the manner and the particulars so required.
- If a request is made on behalf of another person, then the requester must submit proof of the capacity in which the requester is making the request to the reasonable satisfaction of the Information Officer.
- If an individual is unable to complete the prescribed form because of illiteracy or disability, such a person may make the request orally.
- The requester must pay the prescribed fee, before any further processing can take place.

13. FEES

The Act provides for two types of fees, namely:

- A request fee, which will be a standard non-refundable administration fee, payable prior to the request being considered; and
- An access fee, payable when access is granted, which must be calculated by taking into account reproduction costs, search and preparation time and cost, as well as postal costs.
 - When the request is received, the Information Officer, shall by notice require the requester, excluding personal requester, to pay the prescribed request fee (if any), before further processing of the request.
 - If the search for the record has been made and the preparation of the record for disclosure, including arrangement to make it available in the requested form, requires more than the hours prescribed in the regulations for this purpose, the Information Officer shall notify the requester to pay as a deposit the prescribed portion of the Access fee which would be payable if the request is granted.
 - The Information Officer shall withhold a record until the requester has paid the fees as indicated in "Appendix 2".
 - A requester whose request for access to a record has been granted, must pay an access fee for reproduction and for search and preparation, and for any time

reasonably required in excess of the prescribed hours to search for and prepare the record for disclosure including making arrangements to make it available in the request form.

- If a deposit has been paid in respect of a request for access, which is refused, then the Information Officer concerned must repay the deposit to the requester.

If the request pertains to a third party, the Information Officer will take all reasonable steps to inform that third party of the request within 21 days of receipt of the request. The third party may within 21 days thereafter either make representation as to why the request should be refused or grant written consent to disclosure. The third party must be advised of both the decision taken and of his/her/its right to appeal against the decision by way of application to court within 30 days after the notice.

14. DECISION

- Guardrisk will, within 30 days of receipt of the request, decide whether to grant or decline the request and give notice with reasons (if required) to that effect. The Information Officer will take all reasonable steps to find a record that has been requested. If the record cannot be found or does not exist, the Information Officer must notify the requester by way of affidavit or affirmation that it is not possible to give access to the record. This is deemed to be a refusal of the request. If, however, the record is later found, the requester must be given access if the request would otherwise have been granted.
- The 30-day period within which Guardrisk has to decide whether to grant or refuse the request, may be extended for a further period of not more than 30 days if the request is for a large number of information, or the request requires a search for information held at another office of Guardrisk and the information cannot reasonably be obtained within the original 30-day period. Should an extension be required, Guardrisk will notify the requester in writing and will also provide the procedure involved should the requester wish to apply to either the Information Regulator or to a court against the extension.

If the request is:

- **Granted:** the notification must state the applicable access fee required to be paid, together with the procedure to be followed should the requester wish to apply to court against such fee, and the form in which access will be given.
- **Declined:** the notification must include adequate reasons for the decision, together with the relevant provisions of the Act relied upon and provide the procedure to be followed should the requester wish to apply to court against the decision.

The Information Officer's failure to respond to the requester within the thirty-day period constitutes a deemed refusal of the request.

Section 59 provides that the Information Officer may sever a record and grant access only to that portion which the law does not prohibit access to.

If access is granted, access must be given in the form that is reasonably required by the requester, or if the requester has not identified a preference, in a form reasonably determined by the Information Officer.

15. GROUNDS FOR REFUSAL OF ACCESS TO RECORDS

The main grounds for Guardrisk to refuse a request for information relates to the:
